## April 21, 2018

The Grizzly Mountain Distance Competition is sanctioned by EDRA  
Find more information on our website: [grizzlymtnride.wordpress.com](http://grizzlymtnride.wordpress.com)

### Trails:

Mixed high desert trails, lots of two track road and cow trails. Some sections of rock. Very doable trails! Plentiful water. Please seriously consider hoof protection. Gentle rolling elevation changes. Gates! This area is grazed by range cattle, so gates are a fact of life out here. We have worked to schedule the ride ahead of the cows' arrival.
